Subject: Proposed Development at Hunterston platform Yard
Date: 25 January 2018 16:06:00

Hi Lara

I am looking at the notice of the public consultation which you copied to SNH on the 15th January.

The notice refers to the extension of the pier and abutments however, in addition to the works on the pier, the supplied drawing (175049/sk08) shows the works at the caisson gate.

Can you confirm if the caisson gate works are also subject of the consultation?

Graeme
