Hi Gordon,

One further query, we understand that a Pollution Prevention and Control (PPC) permit will be required to undertake the intended decommissioning activities at the site due to *'the recovery of hazardous waste with a capacity exceeding 10 tonnes per day'* and *'the recovery of non-hazardous waste with a capacity exceeding 75 tonnes per day'*. To help gauge the suitability of the site for this activity and any potential for impacts on the adjacent SSSI, have SEPA offered a view on the likelihood of PPC permit being issued for this activity?

Any clarification that you can provide on this point would be much appreciated.

Kind regards,

Graeme Heenan | Operations Officer | Strathclyde & Ayrshire | Scottish Natural Heritage | Clydebank | Caspian House | Mariner Court | Clydebank Business Park | G81 2NR | DD: 0131 314 6765 | Reception: 0131 314 6750

Subject: Hunterston Construction Yard - Variation of condition 1 of  
permission 16/00268/PP to allow the use of the site for  
decommissioning of large marine structures - 17/01273/PP

Dear Mr Craig,

Thank you for your consultation on the above application to amend condition 1 of permission 16/00268/PP to allow the use of the site for the decommissioning of large marine structures. To help our consideration of the proposal, would it be possible for you to send me a copy of all the planning conditions that apply to this permission?

This will enable us to assess whether these existing conditions are sufficient to address any impacts from the use of the site to decommission large marine structures.

Kind regards,

Graeme Heenan | Operations Officer | Strathclyde & Ayrshire | Scottish Natural Heritage |
